From the Buffalo Com. Adv. of Saturday. FAILURE OF THE ERIE (PA.) BANK-A rumor is quite current here to-day that the Erie (Pa.) Bank has gone by the board. The report is no doubt correct, as the institution has been tottering for months past, and the banks and community had lost all confidence in its stability, The agent for redeeming the bills in this city ceased receiving any more of its notes yesterday afternoon. The amount of the issues of the bank in circulation must be very large, as the charter was one of that class that gave all manner of privileges to those who had the control of its affairs, Such of our brokers as have been victimised are offering the notes of the bank to-day at 50 cents on the dollar.

RECONERY OF THE MONEY LOST THE PRE-SIDENT OF THE NEWARK BANKING AND INSU-RANCE Co -The whole of the Banking notes contained in the parcel left by the Presinent of the above named Company, on the Jersey ferry boats on the 3d inst., were recovered on Saturday night, being found at the resi. dence of a colored woman named Mary Stewart, living at Jersey City. This woman attempted on Thurs lay last to exchange some two or three \$5 notes of the Newark Banking Company, which led to suspicion and her arrest, and the recovery of the bank notes to the amount of \$21,000. Only two or three of the checks have been as yet recovered, but it is believed that the whole of the notes have been obtained. The woman had picked up the package on board the stern-boat where it appears the President in the heat of a political discussion had left it.

THE MEXICAN BONDS .-- The Arco Iris, of the 17th ult., contains an article concerning the five millions of Mexican bonds in the possession of Messrs. Manning and Mackintosh, which does not possess any particular interest. The New Orleans Crescent says the whole affair is an instance of the greatest duplicity on the part of those astute Scotchmen and financiers. The money (\$600,000) which was advanced by those gentlemen to the Mexican Government, was evidently loaned under the conviction that through it Santa Anna would be enabled to defeat the Americans before the city of Mexico. The perfidity of this British agent is made evident by the fact that during the continuance of the armistice, we are informed upon the authority of the best testimony, that Mr. Mackintosh was in the daily habit of assuring Gen. Scott that the Mexicans were making no preparations to prolong the contest, although we all know they were at that moment busily engaged erecting fortifications and planting artillery.

Sics HEADACH .- Wr ght's Indian Vegetable Stex Headach.—Wr ght's Indian Vegetable Pills are a certain cure for every description of headach, because they cleanse the body from those morbid humors, which, if confined in the stomach, are the cause of nausea and sickness, want of appetite, disagreeable taste in the mouth bad breath, wasting of the guns, decayed teeth, and many other distressing complaints; and when taken into the circulation, and thrown upon the various parts of the body, give rise to every malady incident to man. Four or five of Wright's Indian Vegetable Pills, taken once in twesty-four hours, will, in a short time, put twen'y-four hours, will, in a short time, put a complete stop to Sick Headach—at the same time the digestive organs will be restored to a

phose only who can show a certificate of agency representing the landing of Wittiam Penn; and compare the labels on the box with the fac similes on the certificate. To be genuine, they must be drivetly slike, signature and all. Beware of counfeits and imposition.

Extracted from the minutes of May 1st 1818. HENRY DONNEL, See'y. Sunbury, Way 6, 1848-

In presenting the public with a remedy for the treatment and cure of FEVER AND ADVE and other bill use discuses, no apology is needed. Vast numbers in the United States, who suffer from these affections in their varied forms, are compelled to seek relief from other sources than the immediate prescriptions of the regular physician. It becomes therefore an object of humanity, as well as of public interest, to bring before them a remedy prepared from much experience, and which may always be relied upon as sare, perfected, and hambles to the constitution. That such is the true character of the INDIA CHOLAGOGUE, is amply attested by the universal success with which it has been employed.

If Extract from a communication of the Hon. William Wooddenice, of the U. S. Sonate, late Governor of Michigan.

Michigan. Dernoir, Oct. 21, 1840.

Michigan.

Detroit, Oct. 21, 1840.

Doctor Charles Oscoop.

Dear Sir,—I have read with much interest, your little transting upon the "causes, treatment and cure" of the febrile diseases which have so extensively prevailed in our country during the last few months—an interest increased no doubt, by the fact that I have individually suffered so much from them. Though I feel myself very inc supetent to judge safely upon a subject so entirely professional, yet your the sy seems to me well reas used, and your conclusions just, and I think withal, that your pumphlet is calculated to produce much practical good.

Speaking of the medicine he says:—It fully justified your factioning expectations, and as a safe, convenient, and popular remedy, my own experience, so far, induces me to believe that it will prove a great public benefit. I am pleased to learn that you have recently established several agencies for its disposition—th ough I regret that, with a view to a more general dissemination of it, you should have found it necessary to remove from your present residence among us.

With much respect I have the hanot to be, sir, Your obliged servant, WILLIAM WOODBRILDGE.

Voir obliged servant,
William WOODBRIDGE.
Supreme Court of the State of Michigan, to the Agent at
Detroit.

Surreme Court of the State of Michigan, to the Agent at Detr-it.

ANN ARROR, Feb. 17th, 1842.

Sir.—Having had repeated opportunities during the last year, of witnessing the salutary effects of Dr. Ong ods India Cholar gue, it afferds me great pleasure to bear testim my at its favor, as an invaluable rem-ly in cases of Fever and Agua and Billi has Diseases generally. Many cases have come under my observation, of persons who have auffered for years, who have been immediately relieved by the use of one or two bottles of Cholagogue; and I have not known a single case where relief has not been obtained by its use. Believing that the general use of this readjoins must be of the greatest importance to all pers use living in these parts of our e suntry, which are subject to Billious Diseases, I give it this general recommendation. Nor is the pleasure of this set diminished, by the feet that I am personally acquainted with Dr. Osgowd, and that I have the most entire confidence in him as a skillful, experienced, and judicious physicians.

confidence in him as a skillful, experienced, and judicious physicians.

I remain respectfully your most obedient servant.

WM. A. PLETCHER.

From Jases Gerson, Esq., of Bessio, N. Y.

BUWALO, Shoreh 18th 18th.

Dr. Charles Oscood:—My Dour Sir.—In answer to your request, i mast readily state the good experienced in my family by the use of your india Choiseogue. My wrife was troubled with the Fever and Ague nearly twelve mustis; and the medicine given ber invariably by vice the chill, but did not care the disease. I purchased for her several kinds of medicine, but they did not remove at 1 sad not at this time heard of your India Choiseogue, but it was soon after recommended to me by two gentlemen who I knew had been suffering in a similar manner for some time; they were Capt. Robert Hart, of the steambast ime; they were Capt. Robert Hart, of the steambast ime; they were Capt. Robert Hart, of the steambast ime; they were Capt. Robert Hart, of the steambast ime, they were Capt. Robert Hart, of the steambast importance of the Troy and Eric line. I was then going 10 Detroit, and while there, bought of your agent a package of one dozen bottles. On my return my wrife commenced toking it. After five dozes, which stopped the Ague, he continued using it till the hest laken two bottles. Since this she had no return of either the Fever or Ages, which is now seven meanths.

Capt. Hart request us to say that he cought the Fever and Ague had caused the Fever and Ague had caused the Fever and Cought the Fever and Ague had cought the Fever and Ague had continued running there two or three months afterwards in perfect health.

Vours very truly.

DR. TOWNSRND'S COMPOUND EXTRACT OF SARSAPARILLA.

HIS Extract is put up in quart bottles. It is all a chapper, pleasanter, and warranted superior to d. It curse diseases without womiting, purging, s., or debilitating the patient, and is particularly ad PALL AND SPRING MEDICINE.

a beauty and superiority of this Saras, as the remedies is, while it eradicates discount in invigorates the Body.

Consumption care he superior.

Communication care he superior.

in attempting to regain my health, and after reading it as one paper of your Sarasparilla. I received to try it. After using six buttes I found it does not green good, and called one one proper of your Sarasparilla. In this case you not your office; with your advice I kept on, and do much heartly thatik you for your advice. I persevere is liking the Sarasparilla, and have been able to attend to my usual labors for the bast four months, and I hope by the bleasings of God and your Sarasparilla to continue my health. It helped me beyond the expectations of all whe health. It helped me beyond the expectations of all whe health. It helped me beyond the expectations of all who health. It helped me beyond the expectations of all who health. It helped me beyond the expectations of all who health. It helped me beyond the expectations of all who health. It helped me beyond the expectations of all who health. It helped me beyond the expectations of all who health. The health was not a continue my being duly aworn according to law, on his coult shift that the foregoing statement is true according to the best of his knowledge and belief. CHARLES QUIMBY.

Sworn and subscribed to before me at Orange, the 2d August, 1847.

CYRUS BALDWIN.

Rend the following, and say that consumption is in incurable if you can:

New York, April 20, 1847.

Dr. Townsend: I verily believe that your Surasparilla has been the means, through Providence, of saving my life. I have for several years had a last cough. It became worse and worse. At last I raised large quantities of blood, had night sevents and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla but a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city—I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedicant servant.

LOST HER SPECHI.

The americal certificate tells a simple and truthful story of suffering and relief. There are thousands of similar cases in this city and Brooklyn, and yet there are the saunds of parents let their children die for fear of being humbagged or to save a few shillings.

Brooklyn, Sept. 13, 1847.

Dr. Tawranyn, I take pleaner in senting.

of parents let their children die for fear of being humbugged of parents let their children die for fear of being humbugged or to mave a few shillings.

Bro-klyn, Sept. 13, 1847.

Dr. Townsend: I take pleasure in stating, for the benefit of those whom it may concern, that my daughter, two years and six m units old, was afflicted with general debility and I as of speech. She was given up as post receivery by our family physician; but fortunately I was recembered by a friend to try your Saraparilla. Before having used one bottle she recovered her speech and was enabled to walk alone, to the astronishment of all who were acquainted with the circumstances. She is now quite well, and in much better health than she has been for IS months past.

JONETH TAYLOR, 128 York at, Brooklyn.

TWO CHILDREN SAVED.

Very few families indeed—in fact we have not heard of one—that used Dr. T wensend's Saraquarilla in time, Lat any children the past Summer, while those that did not, sickened and died. The cereificate we publish below is conclusive evidence of its value, and is only another imitance of its saving the lives of children:

Dr. Townsents—Dear Sir: I had two children cured by your Sarasparilla of the summer complaint and dysostary; one was only 15 month old and the other 3 years. They were year much reduced, and we expected they would die; they were given up by two respectable physicians. When the doctor informed us that we must lose them, we resolved to try your Sarasparilla we had heard so much of, but had little confidence, there being so much stuff advertised that is worthless: but we are thankful that we did, for it und subtedly saved the lives of both. I write this that others may be induced to use it. Yours, respectfully, Myrtle-avenue, Brooklyn, Sept. 15, 1847.

TO THE LADLES.

GREAT FEMALE MEDICINE.

DR. TOWNSEND'S SARSAPRILLA'S is a sovereign and speedy cure for incipient consumption, and for the general protein in of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating of feets on the human frame. Persons all weakness and has situde, from taking it at once become robust and fail of energy under its influence. It immediately countermets the nervelessness of the female frame, which is the great cause barrenness.

situde, from taking a surface of the female frame, which is the groot cause by the proper material surface of the surface of t

where your medicine has effected great cures; and also hearing it ree-ammended for such cases as I have described. I obtained a bottle of your Extract of Surapardila and I dislowed the directives yet gave me. In a short period it recurved her e-amplaints and restored her to health. Being greatful for the benefits abe received. I take pleasure in thus acknowledging it, and ree ammending it to the noblin.

M. D. MOORE,

Albamy, Aug. 17, '44. e.g., Grand & Lydin sts.

No fluid or medicins has ever been discovered which so nearly resembles the gastric jule or saliva in decomposing food and strengthening the organs of digestion as this preparation of Surapardila. It positively cures every case of dyspepaia, however severe or chronic.

Bank Department, Albany, May 10, 1845.

Dr. Townsend—Sir: I have been afflicted for several years with dyspepaia in its worst form, attended with sourness of stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks, (what I could call.) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had but little or no effect in removing the c-unplaint. I was induced, about two mouths since, to try your Extract of Sursanswilla, and I must say with little confidence; but after asing nearly two bottles, I found my appetite restored and tha heartburn entirely removed; and I would earneally recommend the use of it to those who have been afflicted as have been. Yours, &c., W. W. VAN ZANDT.

CITY DAGUERREOTYPE ESTABLISHMENT,

100 Chesnut street, 2 doors above 3d. south THE subscribers, proprietors of the oldest Establishment in the City of Philadelphia, being founded in 1840, would call the attention of the public to their recent great and ironderful Improvement in taking Daguerreotype Portraits.

SKY LIGHT PORTRAITS—The subscribers beg leave to subjoin a few of the notices they have received from the Press throughout the country, in relation to the improvement they have made in the introduction of lights, by which the full and clear expression of the Eye is obtain-

ed more perfectly than heretofore.

The neutral expression of the eye by Mr. Collins' new process of introducing the light, has been most distinctly developed, as well as all the lights and shades indispersable to a perfect likeness.

[From the Saturday Courier.]

The Mesars C, have certainly obtained the eye, in better perfection than we have seen it elsewhere; and this supericrity, together with the elearness, distinctness and delicate tint, they give their pictures, make them worthy of admiration, not only as likenesses, but as works of art.

BECREBERS. A SOVEREIGN REMEDY FOR DYSPEPSIA, PHTHISIC, AND

GENERAL DEBILITY. GEORGE B. GREEN, PROPIETOR. Windsor, Vermont.

Windsor, Vermont.

Is a sovereign remedy for DYSPEPSIA, in many of its forms, such as pain in the Stomach, Heartburn, habitual Cativeness, Acid Stomach, Headache, Loss of Appetite, Piles, Night Sweats, and even Consumption (Dyspeptite Phthsise), and Asthma, or Phthsise nettended with derangement of the Stomach (or Dyspeptic Asthma,) Difficult Breathing, which often results from imperiest digestion (or Dyspeptic Syspacea,) is relieved by these Bitters. In abort, their use has been proved in the relief of almost all the symptoms that proceed from a delinitude or acoust condition of the Stomach; also in general deblitty arising it on age or from the effects of Fever, particularly Fever and Ague. Formates suffering under any uterine derangement arising from weakness, will find the "Oxvoernated Bitters" Tans" an excellent remedy, and not surpassed by any medicine in use.

rans" an excellent remedy, and not surpassed by any medi-cine in use.

The history of this medicine is peculiar. It has made its way to public favor solely by the force of its own intrinsic merits. No artificial means have been used to give it no-toriety and thrust it upon public attention. It has never-before even been advertised, but having first shown its re-markable efficacy in the family of the properiotr, and by him afterwards administered to his ufflicted friends and ac-quaintances with a like result, its reputation gradually ex-tended until it is known in the most distant parts of the Union, as a medicine of unrivalled virtues in the cure of Dyspepsis in all its different forms, and also for the cure of Asthma or Phthisic. Its only herald and its only only has been the stary of its wonderful efficacy, as told from much to mouth or by letter from friend to triend. In ever-y instance where these Bitters have been used, and the re-sult made known to the proprietor, they have proved a re-medy.

Numerous certificates, attenting the almost of greater of

Munerous certificates, attesting the singular efficacy of the "OSYGENATED BITTERS," are in the possession of the proprietor; many of them aigned by persons aircraft widely known to the public.

GEO R GREEN Proprietor.

proprietor; many of them aigned by persons already widely inown to the public.

GEO. B. GREEN, Proprietor.

Now we invite the attention of the public, and particularly those in want of Fire Proof Safes, to call at our store before purchasing elsewhere, and we can satisfy them they will get a better and cheaper article at our store than at any other establishment in the city. We also manufacture the ordinary Fire Proof Chests, at at very lyw prices, cheaper than they can be bought at any other store in Philadelphis.

DAVID EVANS.

PANACHA THE ONLY RADICAL CURE FOR CONSUMPTION!!

refula or King's Evil, Rheumatism, Obstinate Cuture on Eruptions, Plimples or Pestules on the face, Biotches, Biles, Chronic S re Eyes, King Worm or Tetter, Scrid Head, Eulargement and Pain of the B sies and joints, Stabb in Ulcers, Syphilitic Symptoms, Scistica or Lumbago, discusses arising from an injudicious uses of Meteury, Dropesy, Exposure or Imprudence in Rice, also, Chronic Constitution Discorders.

INDIGESTION OR DYSPEPSIA.

No medicine perhaps has ever been discovered which gives as much time to the stanach and causes the score-tion of a healthy gustric juice to decompose the food as Dr. Drake's Panaces RHUEMATISM.

RHUEMAT.SM.

Dr. Drake's Panness is used with the greatest success in Rheumatic Complaints, especially such as chrimic. It cures by driving out all impurities and foul humours which have accumulated in the system, which are the cause of Rheumatism, Gout, and Swellings of the joints. Other remedies a metimes give temporary relief; this entirely gradicates the disease from the system, even when the hims and bones are dreadfully swellen. CONSUMPTION.

CONSUMPTION.

CONSUMPTION CAN BE CURED.—Coughs, Cotarrh, Br n-chitis, Spitting of Blood, Ashma, Difficult or profuse Expect cation, Hecite Finsh, Night Sweats, Pain in the side &c. have been cured, and can be with as much certainty as any other disease. A specific has long been sought for, but in vain multi the disease, the long been sought for, but in vain multi the disease and effectives in its operation, and cannot possibly injure the most delicate constitution. We would carnestly recommend these afflicted to give it a trial—and we believe they will not have occasion to regret it. The system is cleanased and strengthened, the theers on the lungs are healed, and the patients gradually regain their usual health and strength. Read the following:

TESTIMONY.

DEAR SIR:—In reply to your quest: in respecting the use of Dr. Drake's Panacea, I will say, that although a perfect disbeliever in the existence of a Panacea, or cure for All diseases, however valuable it may be in certain c addition of the system, still I have believed that a cure for Comsumption would be disc wered so mer or later, and currently led me to try your medicine in two very inveterate cases. They were pronounced by the attending physicians to be PULMONARY CONSUMPTION, and abandoned by them as INCURABLE. One of the persons had been under the treatment of several very able practiti mers for a number of years, and they said she had "old fashlound Consumption e within with Servidia," and that she might linger for some time, but could not be permanently relieved. In both cases the effect of the Panacea has been most gratifying. Only four or five bottles were used by one of the pors as before she began to improve rapidly. The other took about ten. I will only add that families as I san with consumption by inheritance and by extensive observation as a study, and knowing also the injurious effects in mine cases out of ten of tar, boneset, and other vegetable tonics, as well as of many of the expectorants and sociatives, I should never have recommended the use of Drake's Panacea if I had not been acquainted with the ingredients. Suffice it to say that these are recommended by our most popular and scientific physicians, and in their present combined state, form probably the best alternities that has ever been made. The cure is in accordance with a the rry of Consumption broached in France a few years age, by one of her most eminent writers on mechanic, and now established by facts which admit of no dispute.

Vary Respectfully Yours, L. C. GUNN. nit of no dispute.

Vary Respectfully Yours, L. C. GUNN.

Vary Respectfully Yours, L. C. GUNN.

To use the language of snother, "Dr. Drake's Panacea in always solutary in its effects—never injurious. It is not an Opinte—it is not and Expecterant. It is not intended to built the invalid into a fatal security. It is a great remedy—a grant heading and constive c unpound, the great and culy remedy which medical actence and skill has yet produced for the treatment of this hilberto unconquered malady. And no pera m afflicted with this deemd disease, will be just to himself and his friends, if he go down to the grave without lessing its virtues. A single bottle, in m at class, will prohise a favorable change in the condition of any patient, powerer low."

CAUTION.—Be careful and see that you get the gennine Dr. Draut's Panagua.—It has the signature of Gar. P. Brouga on the urrapper—and size the name "Dr. Draum's Panagua daily is rough a far the same "Dr. Draum's Panagua daily by Strong's & Co., Druggiats, No. 21 North-Sixth St., Philadelphia.

CHALLENGE! CHALLENGE! FIRE CHALLENGE -- We have observed ve-I ry patiently for a year past the fevered at-tempts by some of our fiarernity, to force a reputation which their professional skill alone must fail to give them. And we would continue our silent stered ment, were it not more than probable that the melitude of professors in the Daguereau art. We would see merit seek an honorabe publicilesp itself or withdraw i's spurious claims, that we leap itself or withdraw its spurious claims, that we now trespass in its fancied security by throwing the glove for an honorable test of skill. Our gage is \$500 that the average of a given number of deguerreotypes executed at the Daguerrean Gallery of M. P. SIMONS, 179 Cheanut street, will exhibit a greater amount of perfection in the art than any similar average number from any other gallery in the United States. This is no idle buast—we man what we say. We are desirate that the public should give their patronnge to merit not treetone.

we ak investigation, free, rigid, impartial investigation. We have thrown the glove. Who will pick it up?

M. P. SIMONS,

179 Chesnut st., opposite State House, Philad.

N. B. It will be understood by our country friends, that the above challenge has never yet. ten accepted, and we also wish R finderstood, that we did not intend to make by this waget, as we have already expressed our intention to appropriate the prize to some charitable purpose.
